SERIES ETALON ELITE

Chairs from this series are popular in maternity and child care centers. The soft, ergonomic backrest is designed to provide comfort, offering quality relaxation for back and neck muscles. The safe rocking amplitude ensures chair stability, eliminating any risk of tipping - especially important for mothers holding babies.

the perfect addition

Side pocket set
(sold separately)

The chairs pair perfectly with side pockets, which provide easy access to small items such as a phone, bottle, or favourite book.

The Glider brand offers several coffee table models to choose from, allowing you to pick the right one for any style. There are classic tables with ornate legs, perfectly matching other furniture from the 'Julietta' series, and modern tables that are easy to move around or fold. The neutral colour palette ensures harmonious pairing with other furniture.

The Scandi series cabinets and dressers are the perfect complement to other furniture in the same series, creating a harmonious interior. They help maintain order in the room while providing additional storage space.

An interesting feature is the integrated handle, which is discreet and part of the facade. This solution is highly popular for both practical and decorative reasons. Reinforced ball-bearing drawer rails ensure smooth opening.

SCANDI WRITING DESKS

Nothing extra, nothing random – this is the core principle of Scandinavian design, characterized by simplicity, functionality, and elegance.

Writing desks are versatile pieces of furniture that contribute to efficient work or study, and can also serve as an important interior element.

writing desk (600)

W120 x D60 x H76 cm

The desks are equipped with drawers and shelves, helping to organize space, store stationery, documents, and maintain order. The back panel of the desks has a hole for cables.

Despite their functionality, each desk maintains visual balance, ensuring that the space remains cozy and harmonious.

supports up to 20 kg per shelf

stable and sturdy with four legs

can be used for space zoning

16 mm thick shelves, 32 mm thick columns and legs

Tiered shelving units have gained immense popularity as they help optimize space efficiently.

They take up little room while making use of vertical space, which is especially valuable in smaller interiors. These units offer storage for books, accessories, decorative items, and other essentials, keeping the space tidy and organized.

With their open structure, shelving units provide easy access to items for daily use and can serve as a stylish decor element, blending seamlessly with other furniture. Thanks to their design, they create an airy and spacious feel in any room.
